✓ **Moisturizing**

keeps your skin well hydrated

Vitamin E

moisturizing and antioxidant

Titanium Dioxide

magical mineral with strong moisturizing properties

Look at you looking flawless!

Natural high coverage **LOOKX Mat perfection foundation**

Recommended use

Start off with your daycare of choice (like Solution cream or Moisture daycream). Seal in the active ingredients, and prep for your make-up, with LOOKX Smart 4-in-1 protection primer. Apply Mat perfection with the LOOKX Foundation brush, don't forget to go past your jawline, and blend out evenly. You will only need a little to start with; you can build up coverage in layers, if necessary. Optionally, fixate your foundation with a powder.
